[Caterpillar Clubhouse](http://CaterpillarClubhouse) serves over 700 day-care children per day. Their trained staff will provide a safe & enjoyable experience for your children age 2 and up, while you enjoy a “Parent Night Out” and meet like-minded members of your community!

www.MYACRC.org (434) 566-0603 for more information

5 good reasons to attend this meeting:

- 1. The 2023 and 2024 elections will determine the future of our County, our Commonwealth, and our Country. Being an informed voter is critical to saving this great nation and our communities for future generations.**
- 2. Socialist Democrats have lost touch with common, hard-working, God-fearing citizens. They want to indoctrinate your children, deprive parents of the right to influence them, flood our country with undocumented aliens, and pass on trillions in debt that will bury the next generation in poverty, making them even more dependent on an out-of-control bureaucratic state. We can send them a strong message and defeat them only if we band together.**
- 3. Children are not being taught Conservative and Constitutional values in public schools. If they don't hear it from parents and members of the community, they will not hear it at all. Young people need to hear from role models who are leading the fight.**
- 4. Amherst County is "A Perfect Slice of Virginia," with amazing, hard-working, patriotic citizens. We want to meet our neighbors and give you an opportunity to meet yours.**
- 5. You really deserve a night out! Caterpillar staff will take care of the kids, food and drinks are on us, and the speakers will inspire and give you hope!**

See you on Monday, September 25 at the Caterpillar Club House!
